

## KENNETH L. JUDD

*Paul H. Bauer*  
*Senior Fellow*

**Expertise: Economics of taxation,  
imperfect competition, mathematical  
economics**

A Hoover fellow since 1988, Kenneth Judd's current research focuses on tax policy and antitrust issues, as well as developing computational models for economic modeling. The holder of a Ph.D. in economics from the University of Wisconsin, he is a coeditor of the *Journal of Economic Dynamics*. He also served as coeditor of the *RAND Journal of Economics* from 1988 to 1995 and as associate editor of the *Journal of Public Economics* from 1988 to 1997. In addition to his book *Numerical Methods in Economics* (1992), he has published papers in numerous journals and contributed chapters to collected volumes. He is a fellow of the Econometric Society.
